

# ONE OF A KIND PROJECT

## PLAY FUN GAMES

Participate in our research studies for children and adolescents with and without autism between the ages of 2,5 and 18

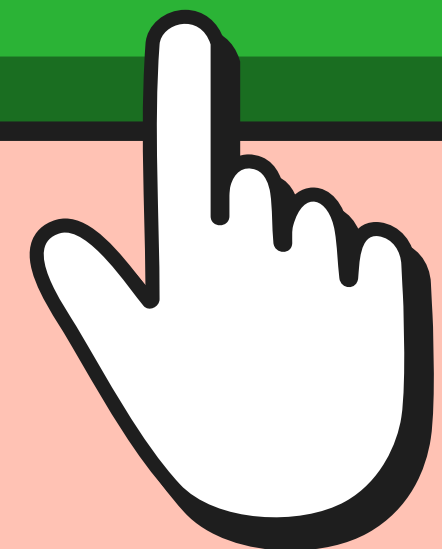

You or your child can help to create touch-screen tasks that will inform clinicians and teachers about the support needed for children!

## HELP IN CREATING INDIVIDUAL PROFILES OF STRENGTHS AND DIFFERENCES

We believe everyone is one of a kind. By playing our game-like tasks, we aim to create cognitive profiles for each child. We will need a lot of data from people like you to help understand how children develop!

**SIGN UP NOW**

It will take only about an hour of your time and you will get a £15 voucher for your time!

Email us at [pip-tabletstudy@kcl.ac.uk](mailto:pip-tabletstudy@kcl.ac.uk) to participate!
